Dear Candidate Name,

Congratulations on successfully completing your Farrier Level 3 Apprenticeship (ST0172).

Upon completing the Apprenticeship you are being awarded with the Worshipful Company of Farriers (WCF) post nominals of DipWCF with a certificate as a non-regulated award. The WCF is 'awarding' the right of each successful EPA candidate to use the post-nominal DipWCF, not actually awarding the diploma qualification. This means that the certificate does not have any 'credits' attached to it and cannot be used to gain registration with the Farriers Registration Council (FRC) register. However, certification of the post nominals from WCF recognises the high quality of the qualification you have studied, linked to your EPA achievement, not to the withdrawn Diploma of Worshipful Company of Farriers (DipWCF) as this is no longer a regulated qualification.

The Apprenticeship Standard is approved by the Farriers Registration Council (FRC) which registers and regulates qualified farriers including Approved Training Farriers, and apprentices upon qualification. On completion of the apprenticeship and EPA, the approved assessment for registration, the apprentice may apply for registration with FRC and will be entitled to use the post-nominal QFS (Qualified to Farrier Standard).

Please contact me on the details at the bottom of this letter if you have any further questions.

Kind regards,

A handwritten signature in black ink, appearing to read 'S Michaels'.
